Topics your committee will address during the coming year	The Committee plans to review parking rates, capital projects, and parking policies along with other topics that arise from stakeholders.
Other issues of concern	There were not many issues of concern, however there were themes present across meetings, aside from project updates. - Night and Weekend Parking – There were changes communicated to the University community which sparked conversations about cost, enforcement, and regulations surrounding the night and weekend parking options. - Parking Rate Increases – Changes were made to increase rates for the first time in several years and the changes were thoughtfully put forth to be fair to users of parking facilities while being mindful about the increasing costs to build and maintain quality parking facilities. - Availability of Patient Parking at UIHC Facilities – Parking and Transportation staff and UIHC staff collaborated to address the issue of patients being unable to find parking when they came for appointments due to students, faculty, and staff taking patient parking. The implementation of Parking Ambassadors was designed to alleviate these issues while providing an extra helpful touch for patients as they come into UIHC ramps, and redirecting students, faculty, or staff to appropriate facilities.
What should we tell applicants for this committee regarding expectations of members (anticipated workload, existence of subcommittees, etc.)?	The Parking and Transportation (P&T) Committee meets three times each fall and spring semester. P&T committee meetings are allotted to last 90 minutes, with an agenda sent ahead and minutes sent following each meeting. P&T Committee members should budget about 30 minutes outside each monthly meeting to review the agendas, minutes, and other information sent out. New and aspiring committee members should review the following: P&T Committee Charter and Charge Previous Agendas and Meeting Minutes - Parking and Transportation website and social media pages Reviewing the previously listed items will help familiarize applicants with existing resources, initiatives, and organizational structures associated with the P&T Committee. Each committee member brings their own training and experience to engage in meaningful dialogue related to improving the Committee and University of Iowa community. P&T Committee members regularly provide helpful

	insight to Parking and Transportation staff that often leads to changes and improvements benefiting the whole community.
Does your committee have a website? If so, what is the URL?	<i>Parking and Transportation Charter Committee</i> https://transportation.uiowa.edu/parking-and-transportation-charter-committee
What is your process for passing on previous agendas and minutes to the new committee chair(s)?	P&T Committee documents are maintained by Carrie Brus, Administrative Service Coordinator for Parking and Transportation. Additionally, all meeting agendas and minutes are distributed to committee members and saved on the Parking and Transportation website listed above, as well as in previous annual reports.
<i>Recommendations, if any, to the shared governance groups.</i>	None at this time.
